makes you global

WORLD INTERNATIONAL SCHOOL OF TORINO

The future of international education, today.

World International School of Torino is the new frontier of education: with a **truly international vocation** coupled with a strong **passion for nurturing talent**, it provides learners aged 2.5 to 18 years old with an **inspiring multicultural environment** where they can thrive and grow up to become well rounded adults.

World International School of Torino is born of the **vast experience** of the Formiga Family, pioneers in the international school sector since 1958, and the will to develop a global educational project that is **truly innovative**.

Learners are at the heart of the WINS educational approach: our **Vision** is their future as global citizens, our **Mission** is their daily development and our **Values** guide them as they grow up and develop in the school.

1958

Wanda and Francesco Formiga launched **the first idea of an international school in Italy**, the International School of Milan. It was the beginning of a "World Without Frontiers".

1984 – 1998

The Formiga Family opened another three international schools in Italy, in Monza, in Siena and in Modena. In addition to these, they also opened the international schools of Bergamo, Brescia, Como and Bologna which are run by partners.

2012

The Family's schools launched a digital transformation, which involved the use of personal tablets as a teaching tool, alongside books and traditional methodologies.

TODAY

Paolo Formiga is now bringing one of his key assets to Torino, **World International School of Torino**: a colossal experience in international education.

WINS VALUES at the heart of the school.

INTEGRITY
We build bridges and tear down boundaries.
We are driven by the belief that each person is unique and irreplaceable. We devote our time, honesty and dedication to supporting the growth of every individual student in our care. We offer pastoral care for the younger children, as well as coaching and counseling for the students and their families, because we believe it is essential that the **school and the family work together.**

INTERNATIONAL CITIZENSHIP
We are international by nature; we belong in the world. Our experienced teaching staff are **native speakers.** We are an IB candidate school.

FORWARD THINKING
We are pioneers of teaching; we are **always a step ahead.** We embrace the digital learning experience; we work closely with Apple to provide our students with tools and methods that can support them on their personalized growth and learning path. Our school offers an environment where students are nurtured to become well rounded individuals. Our Boarding Campus with laboratories, sports facilities and an auditorium, is surrounded by commons and provides **plenty of opportunities** to explore a variety of interests.

EXCELLENCE
We are **leaders in learning-centered education**, and we relentlessly strive to exceed expectations. We are experts, leveraging on the heritage of 60 years of experience in the international school sector.

We support every single student in their personal growth with a team of **experienced professionals** from the world of international education. We develop customized training programs and apply a hands-on methodology to help them on their path to a successful future.

PASSION
We are committed, enthusiastic and courageous in heart and mind. We believe in creating a **community** that provides students with a point of reference in their personal and educational growth.

LIVING WORLD INTERNATIONAL SCHOOL

An immersive Campus for a full learning experience.

World International School of Torino boasts a **Boarding Campus extending over 8,500 square meters** located just 20 minutes from the city center. We teach all grades from Nursery to 12th grade.

The Campus has a full capacity of 700 students, and we are the first International school in Piedmont able to host over 90 students in the residential wing.

The Boarding Campus is the perfect setting for an outstanding international learning experience.

LIBRARIES

We believe that reading is a window to the world, and we encourage our students to read as much as they can: our libraries are places where our students feel welcome, develop communication skills and critical thinking – this is where they become lifelong learners.

MUSIC ROOMS

Music education offers benefits far beyond learning to play an instrument. Listening to music, learning about music and its history, singing or playing an instrument – it all helps to develop language and reasoning skills, coordination, and fosters an interest in other cultures.

COMPUTER, CHEMISTRY AND SCIENCE LABS

Our well-equipped labs offer our students the opportunity of learning through real hands on experience, and helps them develop their learning and thinking skills.

GYM

We see physical education as being not only essential to our students' health and well being, but also an important tool to help them develop important social skills such as teamwork, good sportsmanship, and learning and following rules. The school's fully equipped gym will host gym classes and many extracurricular activities.

SWIMMING POOL

The 10 m x 20 m swimming pool offers plenty of opportunities for healthy exercise and games. It is 1.44 meters deep. It can be divided into 4 lanes for swimming lessons and practice.

AUDITORIUM

With more than 100 seats, the Auditorium is the perfect place for school presentations, exhibitions, drama classes and other entertaining extracurricular activities.

GREEN AREA

The Campus has a 2,000 square meter green area with sports facilities and teaching spaces, allowing us to provide our students with a 360° educational experience in a safe and welcoming environment.

CANTEEN

We believe that a healthy and balanced diet is key to our students' well being and learning ability. For this reason, we offer a premium quality Food & Beverage service. We also teach them about nutrition, and the canteen is a great place to promote healthy eating and show them in practice what they learn in the classroom about eating well.

BOARDING

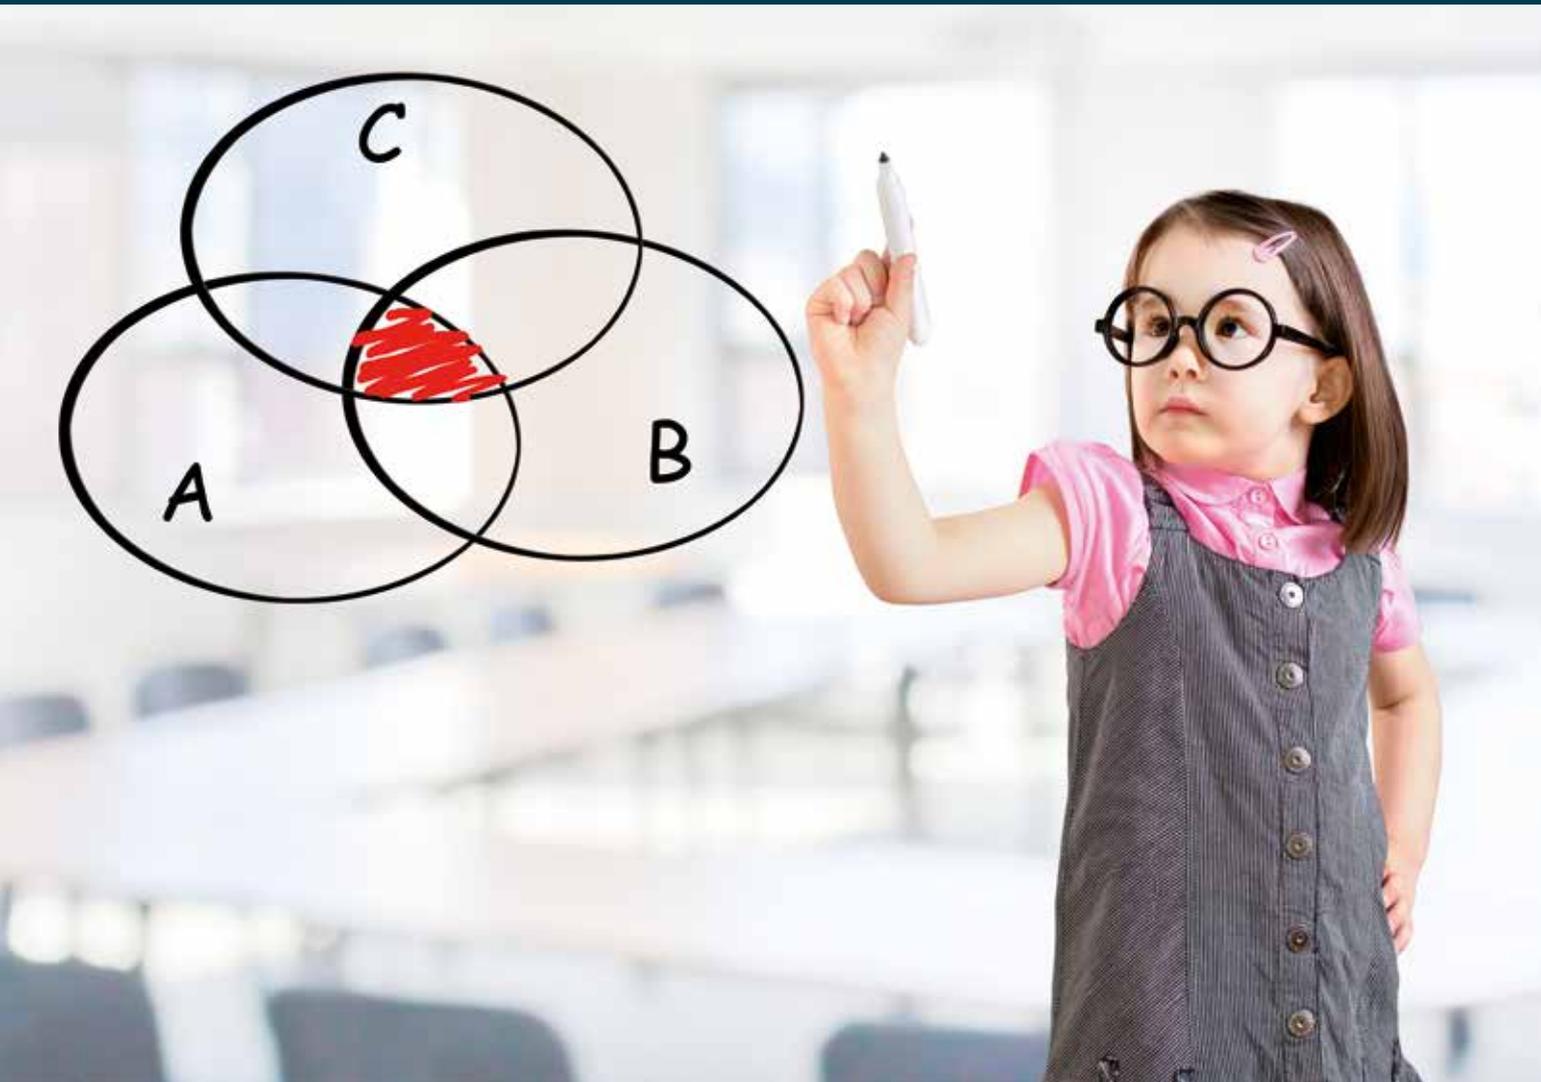

The school has 90 places for boarding students, offering the opportunity to combine studying with the challenge of living independently. We are the first boarding campus in Piedmont, and the point of reference for international families that are looking for a school of excellence with the best facilities.

CLOSE TO THE CAMPUS: J VILLAGE

Near the school Campus is the J Village, featuring a concept store for children and teenagers, the J Medical Center, a hotel and much more – all these facilities in the beautiful setting of the commons surrounding the school and the J Village.

THE FACULTY

An incomparable passion for nurturing talent.

Everyone at World International School of Torino shares the same objective: **providing a learning experience that is unforgettable** for its excellence, effectiveness and professionalism. This is particularly true for our Faculty. For them, teaching is the best job ever, because it means fostering a positive attitude, exploring opportunities, coaching minds, inspiring hearts and behaving as **role models for our learners**. Our teachers work with our students day after day, creating for each of them a learning experience that is right for them and has no equal.

INTERNATIONAL MODELS

Our Faculty Members – all of them native speakers – are inspired by **the best international programs**. This means an outstanding international curriculum, innovative content and powerful learning processes. They have completed **professional development** programs for international educators where they have learned to create transformative experiences for our students.

THE DIDACTIC APPROACH

A 360° Learning Experience.

INTERNATIONAL MINDSET

World International School of Torino programs are inspired by the best international education models. Our classes welcome students from around the world. We offer an environment where they can all feel at home while benefitting from a **multicultural and enriching context**; an environment that fosters respect for others and curiosity for the world beyond their own perceivable boundaries.

INTERDISCIPLINARY TEACHING AND INQUIRY-BASED LEARNING

We adopt an interdisciplinary teaching approach that aims to promote learning through inquiry and investigation, building on the child's developing interests. This approach fosters critical thinking and personal responsibility from a very early age.

TALENT AND PASSION

The development of our students begins with the **expression of their natural inclinations and passions**, which then broaden to include new interests. For this reason we make available and encourage them to engage in a **great variety of extracurricular activities**, with the aim of awakening their curiosity, helping them **develop their personal talents** and **discover new passions**.

The digital learning experience

The **Formiga Family** has pioneered **successful projects in international education** for 60 years, bringing together **tradition and innovation, education and technology**. This ethos has led to World International School of Torino's groundbreaking partnership with Apple for the implementation of the Apple Classroom project in its community. We introduce a soft approach to **artificial intelligence** and Information and Computer Technology (ICT) in the Early Years' classroom. We give all Primary and Middle Years students a personal iPad that our **Apple-trained teachers and assistants use as a valuable support in everyday teaching and learning**. Digital technology complements the traditional book and board teaching methods to foster a passion for learning in our students and offers the new native-digital generations the opportunity to learn how to use their devices responsibly and productively.

THE DIGITAL LEARNING EXPERIENCE OFFERS

- ✓ Rich multimedia content
- ✓ A powerful social and collaborative experience
- ✓ Performance-based assessments
- ✓ Personalized learning pathways
- ✓ Opportunities for interactivity
- ✓ Gamification of the user experience to foster our students' engagement

PROGRAMS GROWING TALENTS.

We welcome students aged 30 months to 18 years old to attend our classes, which are divided into four sections: **Early Years, Primary Years, Middle Years, and Diploma Years.**

All our **international programs** are designed **on the educational priorities** of our students and develop **their natural talents**, while fostering the values of **respect and freedom.**

HANDS-ON APPROACH

Children learn in different ways, and the five senses play an important role in this process. We encourage hands-on learning using the different senses, through different methods, such as cognitive games, social activities, emotional intelligence projects, or business and scientific case studies.

CUSTOMIZED PROGRAMMES

At World International School of Torino we believe that **each student is unique and irreplaceable.** This is why each faculty member works in partnership with the individual students and families in their care, in order to build a customized learning pathway that creates opportunities for the students to fulfill their potential.

World International School srl is a candidate school* for the PYP. This school is pursuing authorization as an **IB World School**. IB World Schools share a common philosophy- a commitment to high-quality, challenging, international education- that we believe is important for our students.

* Only schools authorized by the IB Organization can offer any of its four academic programmes: the Primary Years Programme (PYP), the Middle Years Programme (MYP), the Diploma Programme (DP), or the Career-related Programme (CP). Candidate status gives no guarantee that authorization will be granted.

For further information about the IB and its programmes visit <http://www.ibo.org>

EARLY YEARS: taking the first steps together.

The **Early Years** section welcomes **kids aged 30 months to 5 years** for Nursery, Pre-Kindergarten and Kindergarten.

At World International School of Torino, Early Years Learners take their first steps in a comfortable environment that caters to their physical and emotional needs, while providing a multicultural and enriching context where they live our values of inclusivity and openness.

WHAT: THE SUBJECTS

Language development

Exposure to multiple languages stimulates cognitive growth and can lead to active and proficient bilingualism or multilingualism. A daily Italian language period is included in the Early Years schedule.

First elements of mathematics

Through music, story-telling and physical activities children learn about colors, sizes and shapes, sequences, schemes and numbers.

Creativity

Music, singing, drama, visual arts, workshops and projects provide opportunities for the children to spread their wings, give free rein to their curiosity, and nurture their talents.

Curricular pre-school swimming and gymnastics

Specific physical education activities are aimed at developing gross and fine motor skills, control and coordination.

Social and emotional development

Through games and group activities, children understand accountability, respect and trust, and approach key psychological skills like self-awareness and emotional intelligence.

HOW:

4 interdisciplinary themes:

- The sense of self and others
- The sense of place and time
- The world around us
- Sharing feelings and ideas

Let's PLAY!
Learning
is an amazing
adventure

World International School srl is a candidate school* for the PYP. This school is pursuing authorization as an **IB World School**. IB World Schools share a common philosophy- a commitment to high-quality, challenging, international education- that we believe is important for our students.

* Only schools authorized by the IB Organization can offer any of its four academic programmes: the Primary Years Programme (PYP), the Middle Years Programme (MYP), the Diploma Programme (DP), or the Career-related Programme (CP). Candidate status gives no guarantee that authorization will be granted.

For further information about the IB and its programmes visit <http://www.ibo.org>

PRIMARY YEARS: the educational foundation.

THE PRIMARY YEARS EXHIBITION

The Primary Years Exhibition is the culmination of the **interdisciplinary work** done in the six grades of the Primary Years. In Grade 5 children prepare **a group project** based on the common themes they have been developing over the previous six years **to show the school's community** how they have grown and developed as caring, reflective, forward-thinking individuals.

THE PRIMARY YEARS LIBRARY

The Primary Years section has a **dedicated multilingual library** to support students in developing their reading skills and support our enquiry-based teaching approach.

ASSESSMENTS

Assessments provide an **informative opportunity** for teachers and students to evaluate progress and identify any areas they may need help. Each assignment has clear objectives and assessment criteria, which the teacher explains so the child has a clear understanding of what is expected. We keep families apprised of their child's progress and offer suggestions on how they can support and help them reach their full potential.

The **Primary Years** section welcomes **children aged 5 to 11**, from Transition to Grade 5.

The Primary Years section is the second stage in World International School of Torino's educational path.

This is where the first formal basis of the student's education and future growth are set.

HOW:

6 interdisciplinary themes:

- The sense of self and others
- The sense of place and time
- The world around us
- Sharing feelings and ideas
- Our planet as a shared resource
- People and communities

Let's EXPLORE!
Feed the children's insatiable curiosity

Visual and performing arts:
Music, Arts, Drama, Dance
Physical and health education:
Swimming and gym

World International School srl is a candidate school* for the MYP. This school is pursuing authorization as an **IB World School**. IB World Schools share a common philosophy- a commitment to high-quality, challenging, international education- that we believe is important for our students.

* Only schools authorized by the IB Organization can offer any of its four academic programmes: the Primary Years Programme (PYP), the Middle Years Programme (MYP), the Diploma Programme (DP), or the Career-related Programme (CP). Candidate status gives no guarantee that authorization will be granted.

For further information about the IB and its programmes visit <http://www.ibo.org>

MIDDLE YEARS: the big leap.

The **Middle Years** section welcomes **students aged 11 to 14**, from Grade 6 to Grade 8.

This is the third stage in World International School of Torino's educational path, and it comes at a time in the child's personal development when they are developing a sense of self, an identity, and an awareness of others coupled with growing curiosity about the wider world.

COMMUNITY SERVICE

Middle Years students are encouraged to participate in a variety of projects and initiatives throughout the school year aimed at fostering their understanding of the **importance of being caring, sensitive and respectful towards others**. We want them to learn to share their skills, knowledge and capabilities for mutual enrichment.

THE MIDDLE AND DIPLOMA YEARS LIBRARY

The Middle and Diploma Years sections have a **dedicated multilingual library** to support the students in their language and literature classes., as well as researching for projects in the other subjects. They are encouraged to use the library as much as possible. Our librarian is always available to help them and teach them how to use **hardcopy and digital resources** in their research.

ASSESSMENT

Assessments provide an **informative opportunity** for teacher and student to evaluate progress and identify any areas they may need help with. Each assignment has clear objectives and assessment criteria, which the teacher explains so the child has a clear understanding of what is expected. We keep **families apprised** of their child's progress and offer suggestions on how they can support and help them reach their full potential.

TOWARDS THE DIPLOMA YEARS...

SPORTS

A world of opportunities.

For us at World International School of Torino, **sports are a key pillar in the learner development process.** That's why we offer an amazing sports program that is open to all our students, whatever their sporting aptitudes and skills. Sports provides an excellent opportunity to learn key life skills such as **teamwork, leadership, respect and self-awareness.** Our team of Trainers and Coaches is ready to deliver an authentic sports experience for every student.

EXTRACURRICULAR ACTIVITIES

Beyond the classroom; well rounded students.

The **extracurricular activities** are **complementary to the World International School of Torino** curriculum, and are designed to provide students with opportunities to **socialize, develop new skills**, and **foster leadership skills**.

Just like our curricular activities, the after school initiatives are informed by World International School values of International Citizenship, Excellence, Integrity, Forward Thinking, and Passion. With these values in mind and with the belief that each student is unique and irreplaceable, the Faculty can recommend specific extracurricular activities that will match their personal inclinations and talent, areas of improvement or specific interests of the individual and their family.

INFORMATION and other services.

TIMETABLE

The school day begins at 9.00 a.m. (doors open at 8.30) and ends at 4.00 p.m. from Monday to Friday. Before school care is available from 7.30 a.m. After school care is available until 6.00 p.m. On-demand extracurricular activities take place from 4.00 p.m. to 6.00 p.m.

For details and information on the school calendar, please contact us:

info@worldinternationalschool.com

LUNCH

All students are required to eat lunch at school. Teachers will guide students in developing an age-appropriate awareness of the role of food in our lives and the importance of healthy eating habits, supported by our canteen facility. A healthy and balanced diet is agreed upon with the catering provider in order to meet all nutritional needs of our students. Special diets are catered for on request.

BUS SERVICE

World International School of Torino offers a school bus service for the families that need it. For details and cost of the service, please contact us:

info@worldinternationalschool.com

SWIMMING POOL

Parents have free access to the swimming pool when not reserved for students.

For information and calendar please contact us:

info@worldinternationalschool.com

UNIFORM

Students are required to wear our school uniform.

For details, please contact us:

info@worldinternationalschool.com

PASTORAL CARE AND MEDICAL SERVICES

On-site pediatric and nursing service

The health of our students is a priority for us at World International School of Torino, and we provide an on-site pediatric and nursing service for the full school day.

JMedical facilities

Moreover, we have an agreement with JMedical, a cutting-edge medical center that offers a wide range of services designed to create a full prevention and care package for the patient. Upon enrolment at World International School of Torino, each student's family will receive a JMedical Card, which gives access to special rates, as well as the check-up packages, specialist medical services, imaging diagnostics, physiotherapy and sports medicine provided by JMedical.

Coaching and counseling

At World International School of Torino we strongly believe in working closely with our students' families to ensure the well being of the children in our care. We offer pastoral care for our students, as well as coaching and counseling services for them and their families.
